Invest Health: Program Phases

Invest Health: Learning Progression

Invest Health

Invest Health Competency Model

Invest Health

About Invest Health: At the end of 18 months...

- **Collaborative infrastructure:** Invest Health team and broader “home team” forge strong, cross-sector collaboration aligned around a vision of better health
- **Built environment projects:** Invest Health team’s engagement of community, focus on equity, and use of data lead to a long-term pipeline of and significant progress on built environment projects intentionally incorporating elements that will improve resident health and well-being
- **Community development finance system:** Invest Health team identifies new streams of capital and leverages the funding to finance investment opportunities identified through the program
- **Enabling environment:** Through work on specific built environment projects, Invest Health team identifies and acts on system strategies aimed at creating a built environment supporting more equitable and healthier communities
- **Learning network:** 50 Invest Health teams/cities build strong relationships

Finally....

THANK YOU!
